

Shees Park in Sharjah: The Perfect Picnic Spot

Shees Park in Khor Fakkan, Sharjah, is the perfect spot to relax and unwind with your family and friends on a hot summer day. With its charming picnic area, fun children's playground, wide-open spaces, and spectacular view of the sea, it's no wonder this park has become one of the most popular attractions in Sharjah. This week I'm going to tell you all about [Shees Park Sharjah](#) and explain why it's such an amazing place to visit with your family.

Finding Shees Park

You won't be able to miss Shees Park. It's right near one of Sharjah's major roads—the Airport Highway—and is a large, open space between old buildings and new ones. If you're coming from Abu Dhabi, follow 1st Street (the road leading towards Al-Jazira Bldg.) after it intersects with Airport Highway until you reach Shees Park on your left-hand side.

What's There to Do at Shees?

Shees is located on one of Sharjah's famous nature reserve islands, and has a variety of activities to keep you busy while you are there. When visiting Shees, we recommend spending some time exploring all of its natural beauty and history. Visiting Shees during its heydays was somewhat different than what it is today.

Why are There Holes in the Soil?

These holes are due to gopher burrows. Gophers are a type of rodent that tunnel through soil, using their snouts and teeth to create a maze-like system for searching for food. However, when they're active, you can hear them digging near the surface of ground; sometimes you'll see mounds of dirt piled up at intervals throughout your lawn.

Should I Go?

Shees Park is a small park located close to Riggae Beach, about five minutes away from Khor Fakkan. If you're planning on visiting Khor Fakkan for a picnic or even just relaxing on the beach with friends, it's a great place to go and enjoy yourself. It's also worth noting that as it is surrounded by several residential areas, there are always people around—so you can always get help if needed.

Is it Safe?

Being such a large park, there is plenty of space to walk, jog and bike. At night, however, it's best to avoid walking alone. In general, Shees Park is a safe place for families and children (and everyone else) to spend their free time. There are ample public restrooms—one at every entrance—so there's no need to worry about running out of toilet paper!
